

How to Register for Graduate Credit*

Welcome to the Center for Science Education at Portland State University. We are pleased to be working in partnership with Vernier Software and Technology to offer this on-line course. The course is designed to help educators use technology in the classroom and in the field by developing lessons for their students and courses.

Susan Duncan will be your instructor. She teaches lab-based middle school science, and has used Vernier technology with classes of students in the field, and those pursuing independent research for science competitions. She's earning her doctorate in education because of the training she has received through the Center for Science Education and Portland State University.

Using Vernier Technology to Teach the Next Generation Science Standards (NGSS) to Grades 6-12

Two, quarter hour graduate credits

Summer Term 2015, (last day to register is July 25th, 2015)

CRN 81074, SCI 510 TOP: USING TCHNLGY NEXT GEN SCI

Instructor: Susan Duncan, The Center for Science Education at Portland State University

Email: duncans@pdx.edu

To register for the course, complete these steps:

1. **Register with Vernier** for the training appropriate to your area of interest:

- [Data-Collection Workshops](#)
- [Summer Institutes](#)
- [Conference Workshops and Demonstrations](#)
- [Workshops at Vernier](#)
- [Workshops at Your School](#)
- [Subject-Specific Workshops](#)

2. If you are not already enrolled at PSU, **enroll** as a Continuing Education, or Non-degree seeking student. Follow the instructions at:

<http://www.pdx.edu/admissions/other-applicant>

3. **Register for the on-line course** for CRN 81074, SCI 510 TOP: USING TCHNLGY NEXT GEN SCI at <http://www.pdx.edu/registration/homepage>. The fee for the course is **\$500**.
 - Click on “Register for classes.”
 - Enter your PSU ID number as prompted by Banweb.
 - Click on your “Student Services” tab.
 - Then, go to “Registration.”
 - Click, “Add Class,” and enter the CRN. Then, press “CLICK HERE to complete registration.”

4. Introduce yourself via **Email to the instructor**, Susan Duncan at duncans@pdx.edu. In this email, please include the **date and location** of your Vernier training. She will send you the syllabus along with the link to the PSU on-line course website where you can complete your Action Plan, engage with other educators and complete the assignments for the course.

Thank you for your interest in this course and we look forward to working with you!

** This is a professional development graduate level credit course developed for non-degree seeking students. Credits do not count toward a student's enrollment status for tuition purposes and do not include Incidental or Health Services fees; therefore, students registering for this course are not eligible to use services supported by Incidental or Health Services fees, including insurance. If you are interested in determining whether you can apply this course to a degree at Portland State University, please contact Center for Science Education MST Program Coordinator, Stephanie Wagner, at 503-725-8345.*
